STRENGTHS

- 💡 **Analytical Thinking**
I approach problems strategically, often identifying root issues that improve project outcomes and streamline processes.
- 👥 **Team Collaboration**
Worked effectively with peers across diverse backgrounds to achieve common objectives and drove successful project results.
- 🗣️ **Communication Skills**
Cultivated strong verbal and written communication abilities; translated complex technical concepts into digestible formats for audiences.
- 🔄 **Adaptable Learner**
Quickly adapt to new tools and technologies; successfully transition from academic theory to real-world application without hesitation.
- 🔧 **Problem Solving**
I thrive under pressure, addressing clashes with targeted interventions; often recognized as a go-to resource by classmates.

SKILLS

C C++ Java Python MySQL

MS SQL Server HTML CSS

Data Analysis Visual Studio Code

Project Management

Cloud Computing

Data Visualization Troubleshooting

Web Development

Mobile Application Development

SUMMARY

Ambitious and passionate Computer Science graduate, currently pursuing an M.Sc. in Computer Applications from Sandip Institute of Technology. Knowledgeable in programming, database management, and software development. Seeking to apply hands-on skills with C, C++, Java, and Python. Experienced in leveraging AI and cloud technologies during an internship at IBM. A detail-oriented individual with strong analytical skills, eager to collaborate on innovative projects that drive value and advance my career within the IT industry.

EDUCATION

Master's Degree in Computer Applications

Sandip Institute of Technology and Research Center

🎓 Pursuing 📅 2027 📍 Nashik, Maharashtra, India

Coursework: Data Structures, Mobile App Development, Software Engineering, Cloud Computing

Bachelor's Degree in Computer Science

K.R.T. Arts, B.H. Commerce and A.M. Science College

🎓 Grade: Second Class 📅 2024 📍 Nashik, Maharashtra, India

Coursework: Web Development, Database Management, Networking Principles, Object-Oriented Programming

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python, Java
- **Databases:** MySQL, MS SQL Server
- **Operating Systems:** Windows 7, Windows 8, Windows 10
- **Web Technologies:** HTML, CSS
- **Tools & Utilities:** Visual Studio Code
- **Data Analysis Tools:** PowerBI, Tableau
- **Project Management Frameworks:** Agile, Scrum
- **Methodologies:** Object-Oriented Design, Agile Development
- **Version Control:** Git, GitHub

EXPERIENCE

Intern

IBM 📅 July 2024 - August 2024 📍 Nashik, Maharashtra, India

Engaged in an internship focusing on emerging technologies, particularly in AI and Cloud solutions. Enhanced knowledge through practical applications using the SkillsBuild and IBM Cloud Platform.

- Utilized SkillsBuild and IBM Cloud Platform to enhance knowledge in emerging technologies, focusing on AI and Cloud solutions.
- Analyzed data trends and patterns to inform strategic decision-making processes.
- Developed skills in data visualization tools to present insights effectively to stakeholders.
- Collaborated with cross-functional teams to implement AI-driven solutions that improved operational efficiency.
- Engaged in hands-on projects that strengthened analytical abilities and data interpretation skills.
- Fostered a strong understanding of cloud computing principles and their applications in data analysis.
- Committed to continuous learning in data analytics to support business intelligence initiatives.

MY CAREER

● Intern at IBM (1 Months)

PROJECT

- **Courier Management System**
Courier management system is a software that allows cargo offices to manage bookings, deliveries and track shipments. It allows customers to book items online and provides status updates.
The system records customer and item details, manages branches and generate reports.
